# What did we do

---

- ❑ Goal: Learning Play
- ❑ Application
  - Publish free parking slots with thime
  - Finding free parking slots
- ❑ Succeeded
  - Run Play Slick REST activator template
  - Model data (see diagram)
  - Calculate distance on earth by Stack Overflow and Java to Scala converter (see test/{GeoUtil,GeoUtilSpec})
  - Create tables in SQL (Learned about "user" vs. user)
- ❑ Stuck
  - Adapting data model from template
  - Compiler message „No matching Shape found ...“
